

Standing alone in Home Park field with panoramic views over the Estate and the East Lomond Hill, the roofless Memorial Chapel is a beautiful Scottish Gothic style building and perfect for your wedding ceremony.

Your journey to the Chapel starts at the fish pond. Designed by Alexander Roos in the mid 1800s, the pond is the most perfect backdrop for your photos, then gently stroll up our woodland path towards the Chapel.

The B-listed Stables Courtyard was beautifully restored in 2014 offering a large circular lawn set in a suntrap with an ornate drinking trough as the centrepiece. It creates a lovely space for guests to have a drink and take some pictures with the married couple.

Drinks and Canapes can be served in the Stables Courtyard and surrounding rooms, including the original Horsestalls where you can keep cosy by our wood-burning fire if it is a cooler day. The small Tack Room is adjacent to the Horse Stalls and is a great space for a small bar or chill-out room.

For couples looking for an outdoor ceremony without the worries of the Scottish weather we have the perfect solution. Just step over the willow bridge at the Stables and follow the woodland path. Here you will find a large covered canopy situated in an opening of trees, with the stream running past and views of East Lomond Hill.

Want to marry in the woodlands? That's no problem. One of the riches of Falkland Estate is that the ceremony venue is really of your choosing. It can be your favourite circle of trees, under a canopy in the woodland or one of the many stone bridges.

If you prefer indoors, then you will find The Carriage Room to be a cosy room with underfloor heating and a wood burning stove. It is a flexible space, which you can design to your requirements. Let the outdoors in with our large double doors, allowing you to relax with your guests outside in the fresh air whilst keeping cosy by the fire pit. We can even offer you a woodfired pizza oven with beautiful outdoor seating.

Other spaces available after 6pm.

The Cafe Garden situated next to the Stables, is our large cafe garden. Closing at 4pm to the public, this space is available to hire from 6pm and would offer a great choice for an outdoor wedding breakfast. Also available after 6pm is our Cafe Gallery.

With its impressive windows and glass doors, this is a very light room, made warm with underfloor heating.
